

SHARMEEN T P

Entry-Level Full Stack Web Developer (MERN) | Certified from Illinois Tech via Entri Elevate

Tirur, Kerala | 9567315680 | sharmeenraz@gmail.com | www.linkedin.com/in/sharmeen-t-p-82720a350

Professional Summary

Highly motivated and detail-oriented BTech graduate with a strong foundation in computer science and a certified MERN (MongoDB, Express.js, React.js, Node.js) stack web developer. Proficient in designing and developing full-stack web applications with a focus on responsive design, clean code, and user experience. Adept at building scalable web solutions using modern JavaScript technologies and RESTful APIs. Demonstrates strong problem-solving abilities, effective collaboration in team environments, and a continuous learning mindset to stay updated with evolving tech trends. Eager to contribute technical skills and innovative thinking to dynamic development teams.

Skills

- HTML5, CSS3, JavaScript (ES6+)
- React.js
- Frontend Routing
- Styling Libraries
- Form Handling & Validation
- Node.js
- Express.js
- MongoDB (NoSQL Database)

Certifications

Full Stack Web Development (MERN Stack) Certified User issued by Illinois Institute of Technology.

National Skill Development Corporation (NSDC) Certificate

Projects

Mini Project: Weather App using Python and Flask

Developed a simple weather web application using **Python** and **Flask**. The app allows users to enter a city name and fetches real-time weather data using the **OpenWeatherMap API**. It displays key weather details such as temperature, humidity, weather conditions, and wind speed in a user-friendly interface

Main Project: Bus Route Tracker with RFID Cards using Flutter

signed and developed a smart bus tracking system using **Flutter** for the mobile app interface and **RFID cards** for student authentication. The system allows students to scan their RFID cards while boarding, updating their real-time location on the app for parents and administrators to track bus routes efficiently.
